

Constable Patrol Program

Recently Implemented Changes

Double Duty Coverage for SPP

In July 2014 changes to increase patrol coverage by partnering with our neighbors in Candlelight Plaza subdivision results in following:

- ✓ **2 Patrollers in SPP versus 1 patroller in the past.**
- ✓ **80 hours per week coverage vs 40 hrs per week in the past.**
- ✓ **2 shifts per day result in day and night coverage of SPP.**

Cost for this change does increase; though cost doesn't double for SPP as Candlelight is paying their allocated portion to support this program. SPP allocated costs will increase by 40%. Instead of raising the annual formulated cost per resident of \$200, the Civic Club instead urges residents to increase participation. In 2014 62% of residents participated in this program. Let's all join in raising participation.

Help us by participating today!
